

Future Herdsires

Franklin ARI# 1154092 HA True Black M
born Jun 1 2004

He is an excellent herdmate with an inquisitive personality. He has gone to numerous shows and PR events with us. He loves keeping the pace up in parades, thus he does not like to stand still in the show ring. He received ribbons on the obstacle course and tolerates dressing in costumes. He has fine, soft fiber and the Snowmass bloodline. His color is between true black and bay black. My 80 year old mother has tried to keep up with him in parades and calls him Blacky.

Honor
ARI#1138382 HA White M
born Dec 1 2004

He is an excellent herdmate with a sweet, quiet personality. He has walked in parades and gone to other PR events with us. He is white/beige with a 3" brown spot on his front left leg to easily identify him in the herd from a distance. To the right is Honor being shorn.
